Dear Parents and Carers,

The staff are really enjoying getting to know their new classes and the school is a busy, exciting place to be. The new routines seem to be working well and the children have settled in extremely well.

Thank you to all those parents who are keeping social distancing rules and ensuring that we all keep safe. Please keep to these rules as we do have people within our community who are protecting loved ones who are vulnerable and they are feeling anxious. Together we can keep this virus away from our school family.

Bringing items home: Where possible we will send things to you via email but there are some items such as certificates, pictures, keywords etc that children may bring home. These items have been handled by your child and minimally handled by staff from your child's bubble.

Attendance: If your child has a minor illness which is **not** one of the following symptoms:

- A new and persistent cough
- A temperature
- Loss of smell and/or taste

And they are well enough to be at school please send them in.

Internet access: Next week we will be sending home a simple survey that will be asking about the access that your child has to the internet. Please complete this as soon as possible so that we have the information we need about each year group.

Thank you to those who have been parking well away from the school. Please ensure you do not drive up Vernon Rise or Larwood Close. If you are able, we encourage all parents and children to walk to school every day.

Below are links to the Curriculum videos for your child's phase or year group. Please take time to watch the videos, which has very useful information.
